

KPM'S –Interface Tension Meter

Features:

- It used electromagnetic force -balance-type transducer, improving the accuracy of the measurement
- Demarcated one point and you can adjust the instrument, and it's very convenient.
- The instrument can show current weight values and tension Equivalence the instrument can revise the test result automatically
- Used high-quality screen, the life of screen extended
- The instrument can storage 255 records
- The instrument has a mini- printer, you can print the test result any time.
- The instrument has RS232 interface equipment,it can connect to computer, and it convenient for data processing

Main Parameters -:

Measuring Range	0-200mN/m
Accuracy	0.1% (test result) \pm 0.1 mN/m
Precision	0.1mN/m
Sensibility	0.1mN/m
Mains Voltage	AC220V \pm 20% 50HZ \pm 10%
Maximum Power Dissipation	20W
Suit Ambient Temperature	10~30°C(25°Cthe best)
Suit Ambient Humidity	\leq 85% RH
